# Rhino 6 Licensing & Administration

There are 3 License Methods：

1. Cloud Zoo        -Make your licenses available anywhere in the world through a login.
2. Single-Computer   -License Rhino to one single computer.
3. Zoo            -Float a set of Rhino License within your private network.

※Please refer to the chart below to select your preferred licensing option

| | Cloud Zoo | Single-Computer | Zoo |
|---|:---:|:---:|:---:|
| Easy Set Up | ✔ | ✔ | Add License to zoo |
| Run Anywhere | ✔ | ✔ | Local Area Network |
| License Available Offline | ✔ | ✔ | ✔ |
| License All Your Computers | ✔ | Stand-alone Licensing | ✔ |
| Share Your Licenses | ✔ | NO | ✔ |
| Manage Teams Worldwide | ✔ | NO | ✔ |
| Track License Usage | ✔ | NO | ✔ |
| No Client Configuration | ✔ | License First Time Activation through "Internet" | Licensing through Local network Server |
| No Servers to Maintain | ✔ | ✔ | The server must be turned on to activate Zoo. |
| Automated License Provisioning | ✔ | NO | Zoo |

※Educational single-user and Not For Resale licenses cannot be shared.

We believe the new Cloud Zoo method is the best way for most people to license Rhino

Any questions regarding licensing, please do not hesitate to contact us.
